Telegram

# Department of Science and Innovation

## Field of Research

- economic aspects of science and technology development;
- national and global innovation systems;
- innovation economy;
- science and innovation policy;
- forecasting of innovation and scientific and technological processes.

The background of the slide is a composite image. On the left, there are several stacks of silver coins of varying heights, resting on a wooden surface. Above the coins, a financial candlestick chart is visible, with red and green bars representing price movements. A thick, curved red arrow points upwards and to the right, suggesting growth or an upward trend. The overall aesthetic is professional and financial.

# Department of Economic Theory

## Field of Research

- analysis of current trends in the development of economic theory;
- study of questions of methodology of economic science;
- conducting theoretical and empirical research on actual problems of the world economy, including their impact on the economy of Russia;
